More about LSA's Legal Education Events

LSA's Seminars, Conferences and Workshops are among the most innovative, best value and, above all, useful available.

They cover most areas of law in practice. They are relevant to everybody concerned by law and legal rights. This includes practitioners, whether qualified or not, solicitors or advocates, paid or unpaid and anyone in the private, community, charitable or statutory sectors. The events are also of interest to policy makers, managers, campaigners and students.

The events reflect LSA's values of inclusiveness and respect for fundamental rights. They come out of our extensive casework tackling unmet legal needs in all relevant courts and tribunals.

LSA has a record of attracting the best speakers and delegates who want to keep cutting edge. The result is often sparky and thought provoking discussion.

In general, we have 2 or 3 events every week – sometimes more. To keep up-to-date with what is available, the best arrangement is to register with our email list by sending an email to **seminars@lsa.org.uk**.

All delegates on our email list are automatically eligible for 25% early bird booking discount. They are also invited, from time to time, to free events.

All our events are detailed on LSA's website on **www.lsa.org.uk**.

JOIN LSA! If you join LSA, either as a full or associate member, you will automatically, in general, be eligible for a £10 to £30 discount per seminar. In the case of associate corporate membership, this discount is available for any number of bookings. There are special arrangements for Local Authorities, i.e. associate public authority members are entitled to one delegate at ½ price for any seminar. If you are interested in more information on joining LSA, there is a special leaflet which is available in a printed or downloadable form. Alternatively, contact us on 0141 354 1274 or seminars@lsa.org.uk and we will send you more information.

STOP PRESS for Trainee solicitors: LSA has a Licence C from the Law Society of Scotland to provide PEAT (Professional Education and Training) for trainee solicitors. This is great value. Contact us for further information.
